The Information Disclosure Statement filed January 26, 2005 has been considered, as drawn to page 3 of the communication, Sheet 1 of 1, E425647 I, W094/02016/W091/09058 were not considered because they were not found in the file. The Tecce et al reference was also not considered because Applicant submitted only the abstract and the abstract could not be evaluated and therefore was not considered. A review of the rest of the references cited in the form reveals that none of these references read on the patentability of the allowed claims. A review of the other seven pages of IDS submitted revealed that they were all previously submitted and that the references were considered and signed copies of these IDSS were previously sent to Applicant.
